Create your art

Your design can be traditional art, paintings, illustrations, sketches, vector art, Photomedia, or however you like to design. There is no brief except make it thought provoking, make it bold, make it beautiful and give it a visual message suitable for a greeting card!

Printed image size: 125mm [wide] x 125mm [height] - we prefer a square format as your image will be cropped to suit the web site format.

Upload image size: 500 x 500 pixels, RGB at 72 DPI.

Here's how to submit your design:

In General

- **Please be careful when editing your work and send a maximum of three submissions**
- **Your design can be traditional art, paintings, illustrations, sketches, vector art, Photoshop, or however you like to design so long as it is printable and suitable for a greeting card.**
